

CFA CORPORATE LEADERS 2025 BENEFITS/SPONSORSHIP PACKAGE

CFA CORPORATE LEADERS 2025 BENEFITS/SPONSORSHIP PACKAGE

Annual Cost: \$10K

WHO WE ARE

The Canadian Federation of Agriculture (CFA) was formed in 1935 as a unified voice to speak on behalf of Canadian farmers. Our work continues today as a farmer-funded, national umbrella organization comprised of provincial general farm organizations and national and interprovincial commodity groups. We represent producers of all commodities, who operate farms of all sizes. Through our members we represent approximately 190,000 Canadian farmers and farm families from coast to coast.

Our Board of Directors consists of representatives from provincial farming organizations and agricultural commodity organizations, ensuring input is received from every region and major commodity in Canada. For a full listing of CFA's Board membership, please note that this is listed at the end of this document.

OPPORTUNITIES & BENEFITS FOR CORPORATE LEADERS:

As a CFA Corporate Leader, you will receive many robust benefits that include branding, policy information, networking and exposure to Canada's top farm leaders. We welcome our relationships with each and every Corporate Leader as we know you have a vested interest in the positive growth of Canadian Agriculture.

- As a CFA Corporate Leader, you gain the unique opportunity to update the industry on your new developments, products and initiatives. CFA believes that working in concert with key leaders in a collaborative and strategic manner will only assist in achieving our goals to promote economic growth, environmental stewardship and food security that will ultimately benefit all Canadians.
- You will also be invited to share your policy and government relations efforts with representatives from Canada's provincial, regional and commodity organizations. Your partnership agreement with CFA also gives you access to top level meetings and exclusive marketing channels.
- Sponsors are offered opportunities through a combination of formal and informal activities, events and services that collectively provide them with year-round prominence within Canada's farming community in a productive and cost-effective manner.
- We aspire to ensure that any of your needs are met and tailored through the CFA's Communications and Stakeholder Relations team. If there is an issue(s) or a contact/organization that is important to your business, and we have the platform and knowledge to assist your organization through this partnership. We believe this relationship will be a long term successful one.

WHAT WE DO

Our mission is to promote the interests of Canadian agriculture producers, through leadership at the national level, and to ensure the continued development of a trusted, sustainable, and vibrant agriculture sector in Canada.

Our vision is to be the national voice of Canadian producers — committed to enabling their success, which will benefit Canada and the world.

CFA has close and productive relationships with key government departments and officials in the Federal Government such as the Minister of Agriculture and Agri-Food, Minister of Labour, Environment and Climate Change Canada, Global Affairs Canada as well as many other departments that agriculture is involved with.

HOW WE'RE WORKING FOR FARMERS

CFA aims to achieve a thriving and sustainable agriculture sector in Canada, which delivers real social and economic benefits across the country. We develop policies and programs through a grassroots, democratic process that engages farmers in comprehensive discussions, considering policy issues from various points of view. Earning and maintaining public trust in the agriculture sector, through our words and actions, is vital to the CFA and its members.

OUR OBJECTIVES ARE TO:

- Coordinate the efforts of agricultural producer organizations throughout Canada for the purpose of promoting their common interest.
- Assist members and where necessary, government, in forming and promoting national agricultural policies to meet changing domestic and international economic conditions.
- Promote and advance acceptance of positive social, economic and environmental conditions for those engaged in agricultural pursuits.
- Collaborate and cooperate with organized groups of producers outside Canada to further our objectives.
